

First Prototype Assumptions (May change in future phases):

Assumption1:

A user who manages a group, event or business is the one who created it.

Assumption2:

Only one user may manage (or 'be admin') of a group, event or business page.

Assumption3:

A user who adds a friend, creates a group, event or business creates a new category when adding a category or selects from a list of created categories (by themselves or other users)

Assumption4:

Post may be written to a single group, user or business' "wall" or timeline. By default it is "posted" to one's own "wall" or timeline.
